Subject: Thank you

Hi ilan,

I would like to thank you for the service provided by your company so far. At all times I could feel that there is someone that is taking care of everything, keeping me updated and verifying that we are on track. The pre-move survey was very professional so was the packing process itself. At the end of it all my belonging were packed and loaded to the container.

I look forward to working with you in the destination location as well.

Thanks and regards,
Nati
