Dear David,

I would like to share with you few words bout Mr. Ilan. Mr Ilan's professionalism and client oriented service is outstanding. The services provided were excellent as he was able to accommodate to the client's requirements and kept an eye on every single detail. We had constant communication all the way including during pack out day. To have information about the weight just the day after is another sign of his efficiency and high client oriented services

Thank you  
Patty
