**Subject:** Edgington - pack out summary

Lior,

Uniers folks arrived about 0910. The estimated arrival time was 0900-0930. They arrived with 3 individuals who did all of the packing (boxing). They were very responsive to our specific requests and did a very good job overall. We have several very fragile items and think that they did reasonably well on those items (we will see exactly how well when we reach the other side).

At approx 1500, an additional 2 persons arrived just before the crates/truck at 1515. The crew of 5 then moved all items from the house to the truck and loaded the crates.

Overall, the work was very good (better than our move from the US to here - by far).

I appreciate the work that you have done and the assistance you provided to us.

Best Regards,

Jason
