

We would like to warmly recommend the A. Univers Transit Company.

We recently relocated from Bet Shemesh to Manchester, England and we found their service outstanding. A very courteous and helpful agent by the name of Avi Ayyash came to our home to give us an estimate and after that he helped us with all the forms and the red tape and was always readily available to answer any queries. On the day of collection the packaging team arrived exactly at the predetermined time and packed up our belongings professionally and efficiently. Everything went smoothly and we received our effects in perfect condition to our utmost satisfaction.
